SUMMER IS COMING!

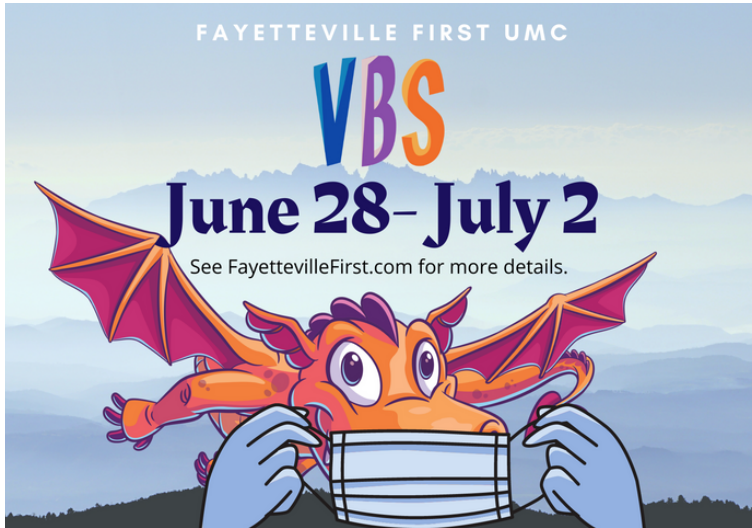

By ALLIE HANSEN

There is an old French proverb that goes "Wherever you are planted, bloom with grace". This school year has been tumultuous to say the least, but like the tiny sunflower seed, we can face dirt and darkness and push through to finally emerge strong and resilient with our faces toward the sunshine. My prayer for you and your families is one of hope even in the midst of shadows and faith that day will come even in the midst of the strongest storm. It feels like it was just moments ago that we were huddled in a basement with large dogs and tiny kids and the uncertainty and fear that tornados bring, but despite the terror and devastation, seeing our communities come together for neighbors in need reminds me to hold strong to my faith. So I urge you to ask your families "How can you bloom with grace for your community?"

ACTIVITY FOR KIDS AND ADULTS:

Take a moment and reflect on the past school year as a family. This year has likely been even crazier than the end of the last one and it is important to pause and contemplate together.

I want to be like a sunflower; so that even on the darkest days I will stand tall and find the sunlight."
